

PIC/S Compliance

Pharmaceutical Inspection Co-operation Scheme

Credential brochure

GMPLEX operates to the PIC/S Guide to GMP, the standard applied by the TGA and recognised across participating regulatory authorities, enabling straightforward export and partner qualification.

Harmonised standard

Site procedures mapped to PIC/S PE009 chapters and annexes, including Annex 1 and Annex 11 controls.

Data integrity

ALCOA+ principles applied to paper and electronic records, with audit trail review built into batch review.

Partner audits

Structured audit readiness pack for customer and third-party qualification audits.

Documentation available

PIC/S gap assessment summary and data integrity policy on request.
